

 KOGI IRON LIMITED	Risk Management Policy	ACP 006 Page: 1 of 1
Corporate		Board

1. PREAMBLE

Risk management is the culture, processes and structures that are directed towards taking advantage of potential opportunities whilst managing potential adverse effects.

This policy outlines the systems, practices and procedures to be followed by the Company to ensure effective risk identification, management and compliance.

2. POLICY

The Board determines the Company's "risk profile" and is responsible for overseeing and approving risk management strategy and policies, internal compliance and internal control.

The Board has delegated to the Audit and Risk Committee responsibility for monitoring the Company's the risk management systems and reporting on its assessment of the effectiveness of such systems to the Board on a regular basis.

The Committee will submit particular matters to the Board for its approval or review. Among other things it will:

- regularly submit a report on its assessment of the Company's risk management systems, practices and procedures in terms of effective risk identification and management and compliance with internal guidelines and external requirements;
- assist management to determine the key risks to the businesses and prioritise work to manage those risks; and
- review reports by management on the efficiency and effectiveness of risk management and associated internal compliance and control procedures.
- The Company's process of risk management and internal compliance and control includes:
- identifying and measuring risks that might impact upon the achievement of the Company's goals and objectives, and monitoring the environment for emerging factors and trends that affect these risks.
- formulating risk management strategies to manage identified risks, and designing and implementing appropriate risk management policies and internal controls.
- monitoring the performance of, and improving the effectiveness of, risk management systems and internal compliance and controls, including regular assessment of the effectiveness of risk management and internal compliance and control.

To this end, comprehensive practices are in place that are directed towards achieving the following objectives:

- Compliance with applicable laws and regulations.
- Preparation of reliable published financial information.
- Implementation of risk transfer strategies where appropriate e.g. insurance.

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to management. Management is required to assess risk management and associated internal compliance and control procedures and report back at least annually on this specific matter to the Audit and Risk Committee.

The Board will review assessments of the effectiveness of risk management and internal compliance and control on at least an annual basis.
